

# We accelerate factories through robotics.

DIH<sup>2</sup> believes in the power of robotics to transform the agility of manufacturing in Small and Medium-sized Enterprises (SMEs) and drive economic growth across the European Union. Our role is to facilitate the connections that will enable agile production in factories where speed and versatility are essential to satisfy customer demand.

## We connect.

We build, empower and boost connections between robotics and manufacturing.

## We support.

We give start-ups and SMEs access to public funds and provide them with premium technology transfer services.

DIH<sup>2</sup> is a network of 26 European Digital Innovation Hubs (DIHs). Our objective is to grow this network to over 170 DIHs by 2022.

The ambition of the DIH<sup>2</sup> project is to:

- Improve the cost-effectiveness of advanced robotics solutions.
- Drive growth of the European manufacturing robotics market.
- Generate innovation that maximises productivity and optimises agility in over 300,000 manufacturing Small and Medium-sized Enterprises (SMEs) and Mid-Caps across the European Union.

## What is the Supporting Partner Programme for Communities?

This programme aims to reach companies across Europe, such as start-ups, SMEs, accelerators, government programs, research centres and more, to further empower the DIH<sup>2</sup> project:

- Foster robotics innovations within manufacturing production processes.
- Have an impact on the productivity of SME manufacturing across Europe.
- Connect SMEs, start-ups and other relevant companies within the manufacturing network.

### What we offer you:

#### Communication

Share your activities with a pan-European manufacturing and robotics network.

#### Visibility

Have your logo and your website link on our website as a supporting partner.

#### Exclusivity

Participate in exclusive activities for our community members.

### What we ask for in return:

#### Communication

Spread the news of our open calls, events, and articles through your newsletter and social media channels.

#### Visibility

Include the DIH<sup>2</sup> logo on your website, social media channels and newsletters.

#### Encourage

Spread the word and boost the DIH<sup>2</sup> programme via your community.
